### Student Mentoring System:

In YSNM College mentoring system has been introduced in session 2017-18 for establishing a letter and effective relationship between students and teacher and also continuously monitor, council and guide students in educational and personal matter.

Since, this is a women's college and many students here come here from very remote areas that's why there is a great need of guidance.

Student mentoring system YSNM College based on four C's of mentorship that is

Conversation, Connection, Community & Culture.

As more girl students come here from rural areas, it is the endeavor of the college to help the girl students in every possible way.

In order to maintain the mentoring system, following items are taken into account:

- The principal of this college is monitor and control the Student welfare activities with the help of the teaching and supporting staff.
- Identification of potentiality from examination marks or internal exam or test or information about their performance
- Each teacher is assigned and acts as a mentor.
- Extra effort is recommended for the slow learners by the mentors.
- For girl students more precaution is required so that the management of the college ensures the safety and security of the girls in the campus.
- It is the practice of mentors to meet students individually or in a group.
- In isolated cases, parents are called for counselling and their special meeting (such as Parents-Teachers Meeting) with the principal at the suggestion of the mentor.
- This system has been useful in identifying slow and advanced learners by a careful examination of each mentors report of the college through organised remedial classes in identified topics.

Mentoring types done in our college:

1. Professional guidance: Regarding professional goals, selection of career and higher education
2. Career advancement: Regarding self employment, entrepreneurship development, opportunities, moral honesty, integrity required for career growth.
3. Coursework specific: Regarding attendance and performance in present semester and overall performance in the previous semester.
4. Lab specific: Regarding do's and don'ts in the laboratory.
